

OR-42UHD New Product

4 x 2 Ultra High Definition HDMI Matrix Switcher (4Kx2K)

The OR-42UHD 4K Matrix Switcher connects four HDMI sources to two displays allowing any source to be independently displayed on any screen. This matrix switcher can be controlled via the supplied remote control, RS-232, or by using the input switching buttons on the front of the device. Integration with third party control systems is easily achieved with additional RS-232 support or via Web GUI control. This device supports Ultra High Definition 4K resolutions, up to 16-bit 'Deep Colour', High Definition Audio, and 3D signal compatibility.
